

End User Cloud

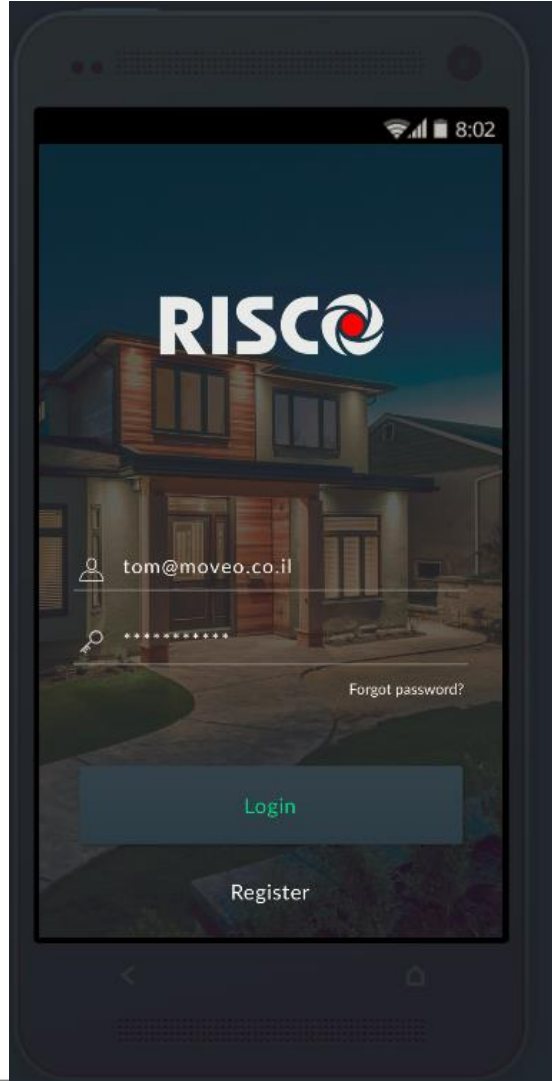

riscogroup.com

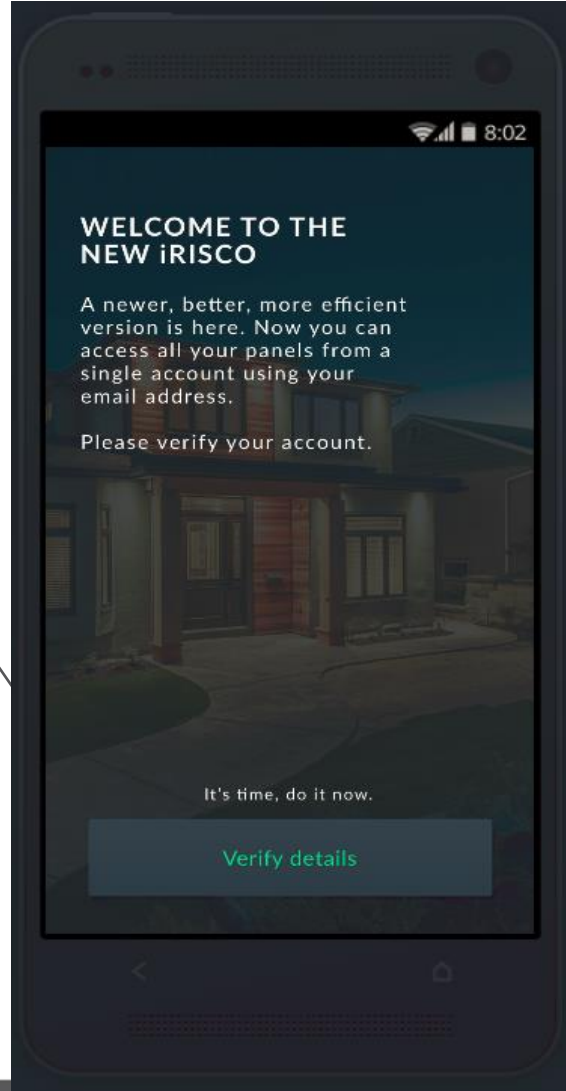

Verify End User Accounts

- End users without exception will have to go through an account details verification
- They will have to change their Username to an email address that must be then verified (if they already have a username that is an email address, then it will just have to be verified)
- Each user will have to provide his full name, phone number and full address that are not verified, and his Country that is selected from a list (but not verified)
- End users will be able to merge all their sites (panels) to the same account

First Login to the new iRISCO App

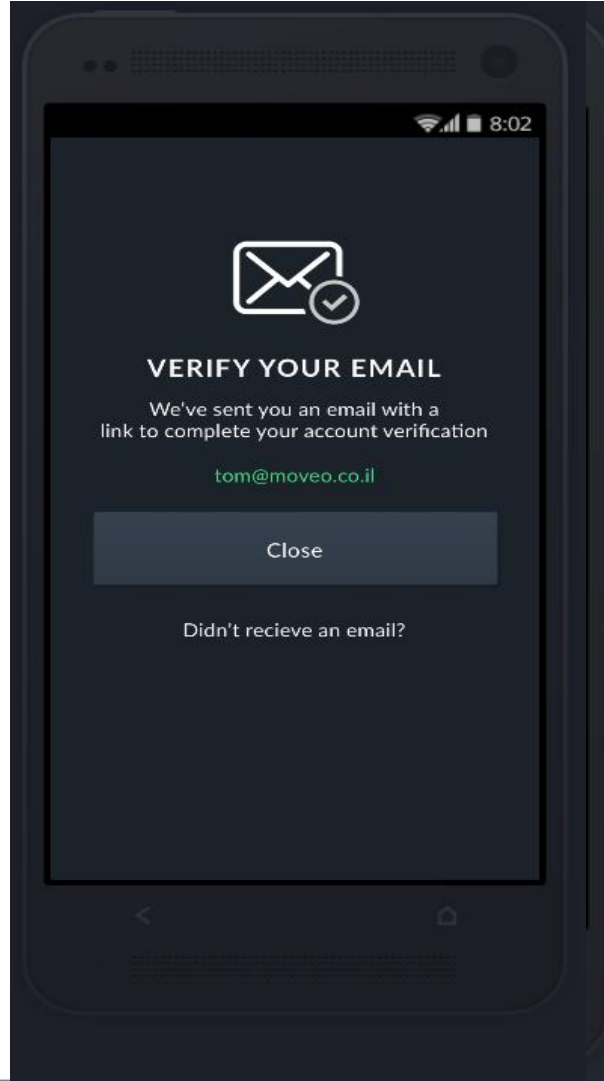

Verify Account Message

The end user will have to complete the verification after the grace period will end

The end user will have 60 days to complete the verification counted from the release date of the App

Email Verification

Verification Email

Subject: RISCO Cloud Account Verification

Date, time

Dear RISCO Cloud User,

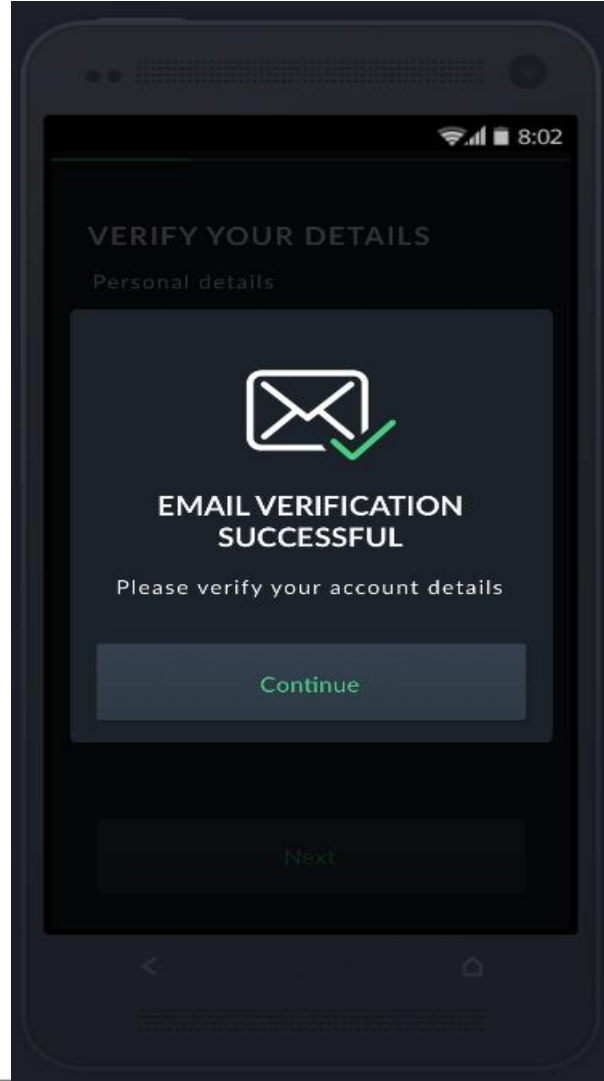

This email is sent to you for validation your email address. Please click [here](#) to proceed with your RISCO Cloud verification process. Note that this verification email is valid for only 7 days.

If this email is not relevant to you then please just ignore it.

Thank you very much,

RISCO Cloud Team

The screenshot shows the RISCO Group login page. At the top is the RISCO GROUP logo with the tagline 'Creating Security Solutions' and 'MIA Care'. Below the logo, the text 'Sites Available For You:' is displayed. There are two radio button options: 'My Home - Master And Owner' (which is selected) and 'Moty's Site (Disabled) - Master And Owner' (which is highlighted with a white border). Below the options is a 'Site PIN Code' input field. A blue 'Login' button is centered below the input field. Below the button, the text 'I am not user 'rafi.shaul@gmail.com'' is displayed, followed by a link 'Create a new site'. At the bottom of the page, the copyright notice '© 2017 All rights reserved to RISCO Group LTD www.riscogroup.com' is visible.
